ACC Fence Guidelines

- 1. The fence must be made of pressure treated wood or cedar only.**
- 2. The fence must be 6 foot tall.**
- 3. It must be made of the same type of material, and of the same height all the way around.**
- 4. The fence cannot begin before the back rear corners of the house.**
- 5. The fence must remain unpainted.**
- 6. All backers must be on the inside of the fence facing toward the home, not on the exterior of the fence.**
- 7. Absolutely no chain link, chicken wire, split railing, or plastic/PVC fencing allowed.**
- 8. Preapproval by the ACC Committee is required.**
